### ■ Different kinds of hazard maps issued by Kofu City

The city creates and publishes for the city residents the various hazard maps showing the risk level in the various areas of the city in case of a disaster, and provides the information necessary to initiate evacuation on their own. (You can see the various hazard maps by visiting the city's official webpage)

- My Disaster Prevention Manual
- Sediment Disaster Hazard Map
- Earthquake Hazard Map
- Liquefaction Risk Map
- Reservoir Hazard Map
- Water Hazard Map For Drainage Pumping Station
